**About SBSS**

Sri Balaji Group of Institutions is being patronized by Sri Balaji Shiksha Samiti, Jaipur. Sri Balaji Shiksha Samiti has been serving with a motto of 'Educating Humanity' under the able and visionary leadership of Er. Bhagirath Poonia and Mr. Jagdish Poonia.

**About SBCET**

SBCET Jaipur was established in year 2000 with due approval by AICTE, New Delhi and affiliation with RTU, Kota for Bachelor and Masters Courses in Engineering. The College has been offering M.Tech. and B.Tech. in Computer Science Engineering, Artificial Intelligence, Electrical Engineering, Mechanical Engineering and Civil Engineering and M.C.A.

**About the Department of Civil Engineering**

The Department of Civil Engineering was established in the year 2004. Civil Engineering is a broad field of engineering that deals with planning, construction and maintenance of fixed structures, transportation and environment, as they are related to earth, water, civilization and their processes. Our programs in civil engineering are to prepare students to become professional in engineering and academic researchers who can study and solve engineering problems.

**About the Department of Mechanical Engineering**

SBCET established the Department of Mechanical Engineering in 2004 with a view to groom a team of professionals, through and intensive Mechanical Engineering curriculum. Department of Mechanical Engineering is full-fledged department offering B.Tech. course. The department has laboratories and workshop facilities with modern sophisticated equipment to carry out research in all areas related to Mechanical Engineering. The Department regularly conducts various training programs and workshops for enhancement of skill.

**About the Seminar**

Main purpose of the seminar to educate students about the critical role that engineering plays in achieving sustainable development goals related to transportation. The seminar would provide an opportunity for experts in the field of sustainable transportation to discuss and share their knowledge and insights on how engineering can contribute to the development of sustainable transportation systems.

**Scope and Objectives of the Seminar**

Sustainable transportation systems aim to reduce the environmental impacts of transportation while maintaining the efficiency, safety, and affordability of transportation services.
